# **About Me**

My name is Comrade Anosike Richard and I am a passionate and driven individual with a strong background in business administration. I hold a degree in Business Administration, which has equipped me with the skills and knowledge to excel in leadership roles.

**Professional Experience** 

I am the CEO of Support & Help Outpatient Foundation, where I am dedicated to making a positive impact in the lives of individuals and communities. Additionally, I serve as the Partnering Managing Director of Era Properties Services Network Ltd, where I leverage my expertise to drive business growth and innovation.

Leadership Philosophy

As a leader, I am committed to fostering a culture of collaboration, innovation, and excellence. I believe in empowering individuals and teams to reach their full potential and make a meaningful difference in their respective fields.

#### Personal Mission

My personal mission is to make a lasting impact in my community and beyond through my work in business and philanthropy. I am passionate about creating opportunities for growth, development, and social change, and I am dedicated to leading with integrity, compassion, and vision.

#### THE BIRTH OF SUPPORT & HELP OUTPATIENT FOUNDATION

The Support & Help Outpatient Foundation was born out of a personal experience that left an indelible mark on my life. After a ghastly motor accident, I found myself in a hospital, surrounded by the stark reality of inadequate healthcare services. The challenges faced by both in-patients and out-patients were overwhelming, and it became clear that something needed to be done.

**A Turning Point** 

During my hospital stay, I witnessed firsthand the struggles of patients and their families. Long waiting times, limited access to medical supplies, and inadequate support services were just a few of the issues that stood out. It was a difficult time, but it also sparked a sense of purpose within me.

**A Vision Takes Shape** 

As I reflected on my experience, I realized that many of the challenges faced by patients were not unique to my situation. I saw an opportunity to make a difference and decided to establish the Support & Help Outpatient Foundation. Our mission is to provide support and care to out-patients, addressing the gaps in healthcare services and promoting better health outcomes.

**Cutting Down Unnecessary Schedules** 

One of our primary objectives is to streamline hospital processes, reducing unnecessary schedules and wait times for patients. By doing so, we aim to improve the overall efficiency of healthcare services, allowing patients to receive the care they need in a timely manner.

**Professional Experience** 

I am the CEO of Support & Help Outpatient Foundation, where I am dedicated to making a positive impact in the lives of individuals and communities. Additionally, I serve as the Partnering Managing Director of Era Properties Services Network Ltd, where I leverage my expertise to drive business growth and innovation.

Leadership Philosophy

As a leader, I am committed to fostering a culture of collaboration, innovation, and excellence. I believe in empowering individuals and teams to reach their full potential and make a meaningful difference in their respective fields.

# MISSION

To provide comprehensive support and care to vulnerable populations, enhancing their physical, emotional, and social well-being through accessible healthcare services, education, and community

# AIM

- Provide quality outpatient care and support services to individuals in need.
- Promote health education and awareness, empowering communities to make informed decisions about their health.
- Foster a culture of compassion, empathy, and inclusivity, ensuring

# VISION

Our vision is to become a leading provider of outpatient care and support services, recognized for our commitment to excellence, innovation, and community impact. We envision a society where everyone has access to quality healthcare, and individuals can thrive in a supportive and nurturing environment.

### **Core Values**

- Compassion: We prioritize empathy and kindness in all our interactions.
- Excellence: We strive for quality and excellence in our services and programs.
- Inclusivity: We welcome and support individuals from diverse backgrounds and communities.
- Community: We believe in the power of community and partnership to drive positive change.

### POTENTIAL PROGRAMS AND SERVICES

- Outpatient medical care and treatment
- Health education and awareness programs
- Community outreach and engagement
- Support groups for individuals with specific health conditions
- Partnerships with other organizations to amplify impact

By focusing on these areas, Support & Help Outpatient Foundation can make a meaningful difference in the lives of individuals and communities, promoting health, well-being, and social inclusion.

# **OUR PROGRAMS**

## SHOF Hospital bill Intervention.

We create social safety networks through communities-based such as sourcing out funds, receiving and upsetting hospital bills for the stranded and less privileged patients.

#### SHOF

### Operation Love & Feed the Less Privileged

We develop and implement emotional support programmes for less privileged communities and individuals.

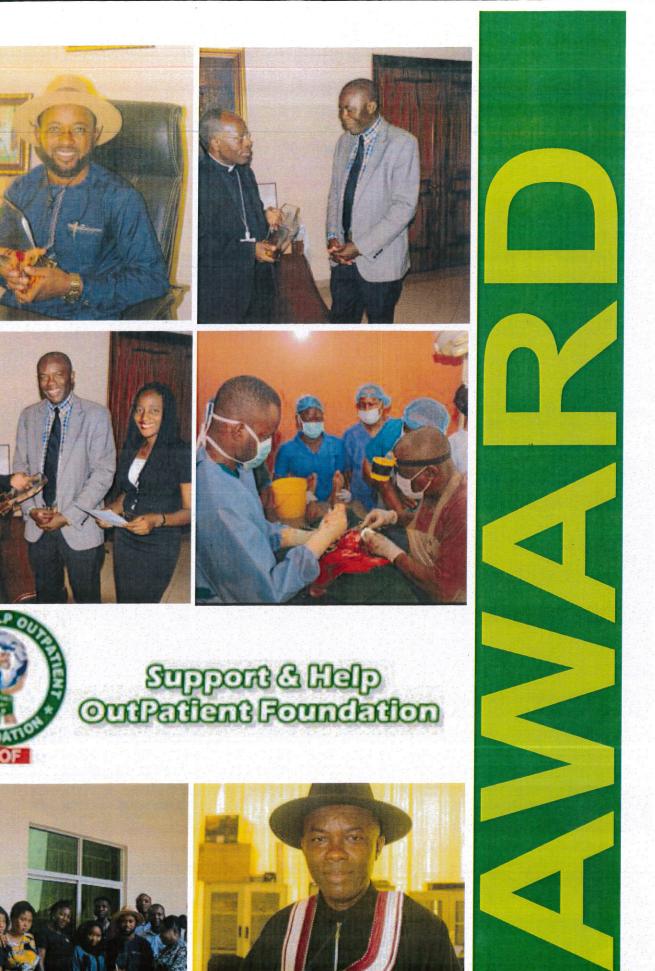

### SHOF Inter-Relations

We build strong tie relationship with organizations, Government agencies, Hospitals, Individuals that share SHOF uncommon goals to further enhance the capacity of young people in building love and securing their health back for personal use and their community long term success and development.

#### SHOF

### Life Expectancy Awareness Programme

- To sensitize women, men, girls and boys on mortality rate due to communicable diseases, to bring about its minimal prevalence and meet international target on the sensitization of diseases, thereby promoting life expectancy and quality information.
- To support, create and programmes, and undertake other necessary actions that will strengthen the human health system to deliver effective, quality and affordable health services to outpatients.
- To serve as the bridge-builder, receiving and offering support for the care of Orphans and Vulnerable Children (OVC)

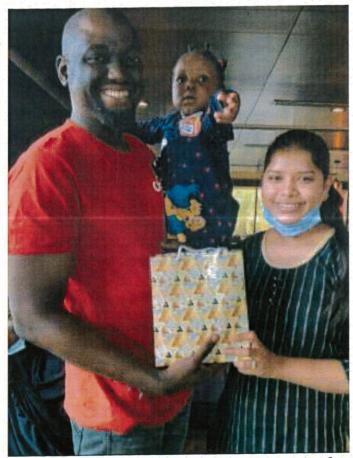

### Emerge Medical Services LLC & Nigeria: A Journey of Care and Compassion

Our journey with Nigeria's healthcare system has been a profound and deeply personal one. For years, we have had the privilege of assisting countless Nigerian patients who travel to India for life-saving treatments. From delicate paediatric cardiac surgeries to complex liver and kidney transplants, and the battle against various types of cancers, we have seen the resilience and strength of the Nigerian people.

Pic 6: Nigerian Pictures: Indian surgeon doing pre-surgery assessment in Lagos

But my connection with Nigeria goes beyond just facilitating medical travel. I have taken a team of skilled surgeons to Lagos, where we operated on a group of 15 patients. We performed laser surgeries for piles, fistula, and fissures, gynaecological surgeries to treat fibroids, and orthopaedic procedures like hip and knee replacements. Each patient we treated was a testament to the unbreakable spirit and hope of Nigeria.

Recently, we have observed a significant rise in the number of Nigerians seeking cardiac procedures and bone marrow transplants in India. However, it pains us deeply to see that many lack the financial means to support their treatments and travel. Our heart aches for these individuals, and we are committed to finding ways to provide advanced surgical treatments within Nigeria, ensuring they receive the best care without leaving their homeland.

Our vision is to bring top-notch medical treatments to Nigeria, allowing patients to heal and recover in the comfort of their homes, surrounded by their loved ones. This mission is the driving force behind our alliance with the Governor of Abia. Together, we aim to transform the healthcare landscape in Nigeria, making high-quality medical care accessible to all.

This is not just a professional endeavour for us; it is a heartfelt commitment to a country and its people who have touched our life in so many ways. Our bond with Nigeria is one of care, compassion, and unwavering dedication to improving the lives of its people.
